

The buck stops HERE!

The economy is tight and everyone is feeling the pinch. The air freight industry is not likely to see bailout funding from the government, so **it's time to take action!**

We're offering our own stimulus package to our forwarding partners with special rates out of Chicago (ORD) to several locations throughout the United States.

Join Towne's effort to stop the downward spiral by taking advantage of these special bailout rates. Then, pass a portion of your savings on to your customers! Together, we'll put money back into the pockets of the consumer—one shipment at a time.
