

FREIGHT SURCHARGE - FUEL - ITEM 568

The level of Towne Air Freight's LTL and TL fuel surcharge is based upon the U.S. National Diesel Fuel Index. This index is adjusted by the Energy Information Administration (E.I.A.) of the U.S. Department of Energy and is available by telephone at 202-586-6966 and on their internet site.

Normally Fuel Surcharge is adjusted monthly, but due to the potential for significant fluctuations in the market prices for fuel cost, we reserve the right to assess a fuel surcharge to shipments without notice or weekly. Any such surcharge will be applied in an equitable manner to all shipments having similar characteristics and will be applied to such periods as we may determine necessary. Visit www.townear.com for current fuel surcharge.

If the national average price for a gallon of diesel fuel rises above Table above, the surcharge will increase 0.5% (LTL) and 1.2% (TL) for every \$0.05 increase in the fuel price. The fuel charge is shown as a separate amount on our freight bill, and it will not be assessed on any accessorial charges.

*TL – Truckload is defined as any shipment being billed as an Exclusive or greater or equal to 20,000.
